

April 2018 Fred Co Kids Reading Challenge "Conservation"

WEEK 14

What's that word?

Conserve- protect from harm or destruction.

Recycle- remaking materials into either the same product or new products, rather than to just toss them in the trash.

Waste- anything discarded or thrown away.

10 ways you can help the Earth

1. Turn off the lights.
2. Recycle.
3. Save leftovers.
4. Be nice to worms.
5. Share books.
6. Plant a tree.
7. Use both sides of the paper
8. Save water.
9. Clean up trash.
10. Reuse grocery bags.

Conservation is the protection of things in nature.

It requires the sensible use of all Earth's natural resources: water, soil, minerals and forests.

THE 3 R'S

REDUCE

- Walk
- Turn off water
- Carpool
- Turn off lights
- Take short showers
- Save electricity
- Ride a bike

REUSE

- Clothes
- Books
- Bags
- Boxes

RECYCLE
